My story

Hello! Lulu was adopted at 3 months during the pandemic. She is now 2 years old. She's such a sweet girl with so much love to give. She's playful and is good with all ages. She gets a little weird with men sometimes but once she sniffs you she's in love! Lol

Lulu needs a home with another dog if possible and with a yard. She's very active and needs to run off her energy. She's crate trained for bedtime only.

Unfortunately for Lulu I recently accepted a new position which requires me to be in the office and some traveling. As much as I want to keep her I know being at home all day without a yard is not the life I want for her! It breaks my soul to re-home her but I know it's for best for both of us.

Welcome to PETO. We're all about getting homeless pets into homes.

We help over 15,000 animal shelters, humane societies, SPCAs, pet rescue groups, and pet adoption agencies advertise their homeless pets to millions of adopters a month, all for free. And now, we're a company too. Haven't heard of them yet? They're a coalition of brands, teams, and partners, all using their individual strengths to help bring more care to pet care.

Rehome - the safe and reliable way to find a loving new home for your pet.

Pets are being relinquished to shelters at an unprecedented rate. If you know anyone who is in the unfortunate circumstance of having to surrender their pet, let them know about PETO's Rehome program - a free and reliable way to rehome a pet directly from private owner to private owner.
